### OPEN GYM PREMIER PARTNERS WITH HOAG ORTHOPEDIC INSTITUTE (HOI)

**ORANGE COUNTY, CA** - Open Gym Premier (OGP) added to its comprehensive list of offerings with the announcement of a formal partnership with Hoag Orthopedic Institute (HOI).

HOI is the leading, award winning unique orthopedic and spine hospital in Orange County. In addition to treating a broad range of musculoskeletal conditions, HOI provides elite level care for youth through professional athletes as well as the everyday athlete with primary care sports medicine and orthopedic surgery care.

*"HOI is the gold standard in Orange County when it comes to seeking orthopedic treatment and expert care for a wide variety of needs. HOI is ranked in the Top 30 orthopedic hospitals in the nation which provides a tremendous amount of prestige to the trust in which HOI has solidified. Providing OGP athletes and our family members invaluable resources such as HOI and their offerings is an essential ingredient for us to continue to provide quality over everything,"* said Open Gym Premier President, Miguel Bennett. *"Adding the HOI services and educational platform will allow OGP members and patrons full access to high-quality attention and treatment from one of the nation's leading experts in state-of-the-art, orthopedic specific centers, fully equipped with innovative surgical and rehabilitation tools for youth, professional athletes as well as mom and dad."*

David Gazzaniga M.D, Division Chief of Sports Medicine at HOI and Head Physician for the NFL's Los Angeles Chargers, is excited about the new partnership. *"Hoag Orthopedic Institute first opened its doors a little over a decade ago with the idea that we could deliver the best orthopedic care possible. Within the past couple of years, we have created the Division of Sports Medicine at HOI. Our initiative is to find ways to deliver world class orthopedic sports medicine care to the community in the same way we do for our professional and Olympic athletes. We looked immediately to Open Gym Premier because of their amazing reputation and their vision for the future. This vision is focused around safe and healthy youth sports and we couldn't be happier to combine our talents for this purpose. I intimately know Open Gym Premier as a physician for their athletes and a father of a couple of basketball players. I know OGP has an emphasis on competing at the highest level possible while at the same time not compromising on character building. For these reasons I couldn't be more excited about this partnership. This is only the first step in what we hope will be a new paradigm in how valuable healthcare is delivered to these precious athletes."*

#### **About Open Gym Premier**

Open Gym Premier (OGP) is a comprehensive basketball and volleyball organization providing high-quality services to the sports community including camps, club teams, leagues, tournaments and training. OGP serves a wide-range of sports enthusiasts, ranging from young novice players to top high school, college, and NBA players. OGP's facility houses the USA Men's and Women's volleyball teams as well. For the latest news and information, please visit [www.opengympremier.com](http://www.opengympremier.com).

#### **About Hoag Orthopedic Institute**

Hoag Orthopedic Institute (HOI) is located in Orange County, California. It consists of a specialty hospital located in Irvine and four ambulatory surgery centers in Newport Beach, Mission Viejo, Orange and Marina del Rey. HOI has more than 300 physicians on staff, including more than 80 orthopedic specialists. HOI was formed as an innovative partnership between 38 entrepreneurial physicians and Hoag Memorial Hospital Presbyterian in 2010. In 2018, HOI entered into a strategic partnership with Providence St. Joseph Health to expand access to HOI's quality and value in the communities they serve. HOI ranks in the 99th percentile for patients' likelihood to recommend the hospital and 98th percentile for overall hospital rating, according to Press Ganey's national database of hospitals. HOI specializes in treatments of knee, hip and spine disorders, sports medicine, orthopedic trauma, and extremities care. Since opening in 2010, HOI's hospital has been named by U.S. News & World Report and Becker's Orthopedic, Spine & Pain Management Review as one of the top orthopedic hospitals in the nation.
